

# Women in Science Day!

**Where: UW – Stevens Point**

**When: Friday, February 26, 2010**

Three sessions:	9:45-10:45 am	Session #1
	12:00-1:00 pm	Session #2
	1:15-2:15 pm	Session #3

**Lunch is provided!**

Women in Science Day is catered to girls in grades 7 and 8, this conference offers a variety of workshops presented by female professionals in science fields. Its aim is to give young women early exposure to science careers through intriguing workshops.

SWE will be presenting the Egg Mobile Design activity. Students design a vehicle to transport Mr. Egg. The mobile must drive down a ramp and into a brick wall and Mr. Egg must survive. After the build, all of the vehicles will enter a competition. All supplies and activity descriptions will be provided.
