## Badger State Science And Engineering Fair

The challenge of creating the next generation of scientists and engineers is upon us. Initiatives are beginning at the national level. Will you please help us at the state level? The Badger State Science & Engineering Fair needs your expertise to evaluate the research projects of Wisconsin's finest high school scientists and engineers. ***The Fair is Saturday, March 27*** at Marquette University. Judges are needed in all areas of science and engineering.

To show your interest, please provide contact information at: <http://bssef.org/JudgeInterestForm.html>

The event and judging schedules can be found at <http://bssef.org/ProgramInformation.asp>

Thank you for supporting science & engineering research education!
